Issue 1.02

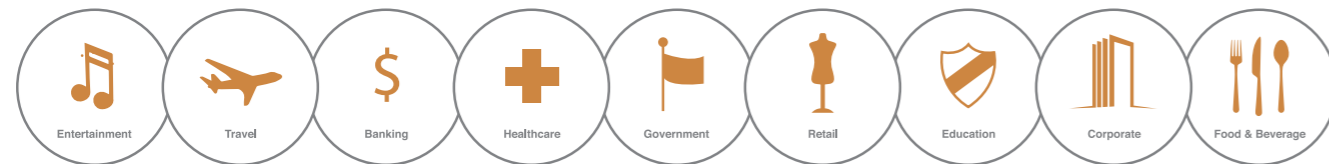

Welcome to Magicard NEO

Secure ID card printing for every budget, industry and application

The Magicard NEO range of ID card printers has been developed specifically for Asia, South America, Africa and the Middle East.

Cards have become a part of everyday life. Used for gaining access to buildings and facilities, verifying that individuals are who they say they are or simply being used to purchase goods or services, cards have become the ubiquitous global standard for identity.

Security features

HoloKote®

We're all about security. That's why we developed the HoloKote® watermark available for all of our printers. HoloKote® technology was pioneered by Magicard to apply a secure watermark to each card during the printing process.

HoloPatch®

Unique to Magicard, HoloPatch® cards have a highly reflective gold 'super diffuser' seal. When the HoloKote® watermark is printed on to the seal, the watermark becomes clearly visible under all lighting conditions. HoloKote® with HoloPatch® has a similar appearance to hologram seals. It provides a security mark which is visible from a distance, allowing a security guard or colleague to easily verify badge authenticity.

Custom HoloKote®

This feature, which is available on the 360 NEO, facilitates the implementation of a personalised HoloKote® watermark into the standard print process. This watermark could be an organisation's logo, or some other unique security design.

The Magicard NEO printer range

● Standard ● Option

360 NEO

Professional

HIGHLIGHTS	Print speed	Up to 156 full colour cards per hour* Up to 620 monochrome cards per hour*
	Card capacities	100 card input 70 card output
	Visual security	Standard HoloKote® watermark (x10) ● HoloPatch® cards ● Custom HoloKote® watermark ●
	Encoding options	Magnetic stripe encoding: HiCo and LoCo ISO 7811, JIS2 ● Smart card encoding: Contact chip, MIFARE®, DESFire® and iClass® ● Others available ●
	Warranty	2 year Magicover NEO limited warranty (See your local dealer for validity in India)

Enduro NEO

Standard

HIGHLIGHTS	Print speed	Up to 100 full colour cards per hour* Up to 500 monochrome cards per hour*
	Card capacities	100 card input 30 card output
